Adam W. Pearl, M.D.

Post-Op P.E. (Pressure Equalization) TUBES

- We may prescribe *ANTIBIOTIC EARDROPS* for the first 3 – 7 days after surgery.
- Draining from one or both ears is not uncommon within the first several weeks. If this occurs, *please contact our office.*
- Special precautions for showering or bathing *ARE NOT NEEDED unless we specify otherwise.*
- Your *POST-OPERATIVE OFFICE VISIT* will be scheduled *2 WEEKS after surgery.*
- Thereafter, *an office visit EVERY 3 MONTHS* is important for proper care.

If you have **ANY** questions or concerns, please do not hesitate to call our office.
